I just wanted to add my thanks for the wonderful two days you facilitated for us at the zoo. What a great experience it was. I found it to be a very effective process both of bonding and of beginning to crystallize a unified vision for the Mission. Ju'Coby and I have spoken about how we want to build on the momentum you helped us to establish.

I hope the two of you are equally proud of the process. You should be; you are two of the best facilitators with whom I have ever had the privilege to work. All the words I feel I want to use here are the words that kept coming up in those temperature checks...exciting, uplifting, energizing, enlightening...they all apply. And like our Florida weather, what a difference 48 hours can make...*from partly cloudy to mostly sunny!* You both were wonderful and we benefited immensely. Thanks a million!

Sincerely,
