Bryant Rollins
Mountaintop Institute
PO Box 550549
Jacksonville, FL 32255

Dear Bryant:

I am writing this letter in support of the efforts of the Mountaintop Institute and the prospect of the instrumental change it will have our community at large.

To date I have been involved in a number of different initiatives undertaken under your personal direction and have found them most effective in causing change, both in terms of me personally and the divergent groups that have come together as a result of your efforts.

Issues of diversity continue to plague all of us and the work you are doing through artful facilitation, careful listening, and thorough processing will go very far in enlightening all of us as to the direct impact we can have in addressing this issue. I commend you too for your perseverance and passion.

I wish you and the Mountaintop Institute continued success. If I can be of any assistance please don't hesitate to call upon me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael T. Boylan".
